The Colony, TX 75056

March 1, 2017

Dear Vendor,

It is time to apply for a booth at the 29th Annual Harvest Craft Bazaar at our church, and we hope you will consider joining us! The date is Saturday, October 7, 9:00 am to 4:00 pm. We will have inside and outside booths as usual, with a few changes.

We will continue to have inside premium booths available, there will continue to be booths available in the Fellowship Hall, and electricity will be available for rental (on a limited basis). We will continue to have the 2 premium outside booths. We are ADDING more booths in the classrooms to accommodate more vendors that absolutely have to be inside. Check the Vendor Application for pricing. You may now also fill out the application online via Google forms and pay via a PayPal link.

We will continue to advertise in 2017. We will be on several craft show websites. We will have a Facebook page for the event, and will showcase vendors as desired on that page, starting in August. There will be at least local area newspaper ad for the Bazaar, possibly more. There will be flyers for the Bazaar distributed locally, and you will be able to distribute them also. We will have a mass email ad campaign. We will have several huge red feather signs on Paige Road to invite drivers in. We fully anticipate having more traffic this year for you. You as a vendor have a lot to offer, and we aim to make sure the public knows that.

You might be wondering where the premium booths are located. Four premium booths are located in the Narthex, close to the UMW Bake Sale; this is the main entry into the church. Three premium booths are located in the Sanctuary, one immediately to the right as you walk into that room, and two at the first corners you see when you walk in. Two premium outside booths are at the entry to the Narthex/Fellowship Hall. Contact me if you have more questions about where these premium booths are located.

You may send your application in one of three ways: print form through the mail, or electronically, either through email or by filling out the online application on Google forms. PayPal is now available as a payment option; you can click the PayPal link.

Following this letter to you are the Vendor Guidelines and Application.

Save this web address and share it with your friends, family, and customers: www.fumctc.org. I will contact you when the Facebook page is up and active in August, so that you may go "Like" the page and share it.

I fully expect to hear from YOU. It is my job to put on a good event for YOU and to make things run smoothly. I need to be in partnership with you to do that. Thank you for working with me and UMW to make this year's Bazaar a worthy event!
